"The only managing agent we're aware of in London, if not the country, that only works for Resident Management Companies (including those written into the lease, RTMs, and Share of Freehold). We do not and will not work for 3rd party freeholders or developers due to the inevitable conflicts of interests which arise. This means we specialise in meeting the very specific requirements of home-owner controlled blocks/estates."

Building Description

- 22 Flats over 3 floors
- Lift which has access to all floors
- There is an electric door to enter the building with a code access
- Built ~1980's

Specific Customer Requirements
