

Quay Management Services

To provide the 'Benchmark' for all Block Management companies to be measured against by holding customer value central to everything we do.

QMS was founded on 3 Quay pillars in order to provide the best block management solution: **Experience**, **Trust**, and a Continuous drive to **Challenge the Status Quo**. By holding customer value central to these 3 pillars in two months we delivered:

- Refunds to over 150 leaseholders from their current management company.
- 9 Residential Management Companies to give homeowners the ability to choose how they want to be managed.
- Over £200k of cost savings, helping leaseholders manage their cash flow better in these uncertain times.

Experience

Trust

**Challenge
the Status
Quo**
